

BioVision Alexandria 2010

11-14 April 2010

As a continuation of the tradition that started in BioVision 1999 in Lyon, the Bibliotheca Alexandrina has been honored to be an associate with BioVision by which it holds the BioVision Alexandria every even year alternating with the World Life Science Forum held in Lyon every odd year.

The theme of the BioVision Alexandria 2010 will be "New Life Sciences: Future Prospects". It will aim to identify and explore the new frontiers and new areas in life sciences that will hugely serve humanity and provide hope for solving the world's most pressing issues.

Registration Fees

The Conference Themes will cover the following topics:

- ✦ Health, Medical and Pharmaceutical related topics.
- ✦ Environmental and Agricultural related topics.
- ✦ Food, Nutrition and Technology related topics.
- ✦ Plus other Cutting Edge topics and Future Applications.
